Integrated for PIEE / WAWF / EDA
invoicing

CORE COMPETENCIES

- **Maritime & Defense Electrical:** Procurement of mission-critical shipboard power, lighting, and degaussing cables (MIL-DTL-24640/24643), sourced through Lapp Tannehill authorized distribution channels (TF Kable, Southwire, General Cable, Champlain Cable).
- **High-Temperature Magnet Wire:** Aerospace and defense polyimide magnet wire to NEMA MW 1000 / MW-16-C for high-temperature electrical applications. Sourced through OEM-authorized distribution.
- **Relays & Solenoids:** Mission-critical electromechanical components across FSC 6150 — power relays, control relays, latching relays, and solenoid assemblies for defense and industrial systems.
- **Industrial Abrasives:** QPL-listed abrasive media per MIL-A-22262B for USCG and Navy surface preparation. Sourced through Barton International — US-manufactured in Adirondack NY.
- **DLA Commodity Electrical:** Batteries, motors, switches, and control equipment across DLA electrical FSC codes through established wholesale distribution networks.
- **Rapid Bid Response:** Bid intelligence platform scanning SAM.gov and DIBBS daily, capturing DLA solicitations that never appear on SAM.gov. 48-hour bid turnaround from opportunity identification to compliant submission.

NAICS CODES

331318, 335314	Wire/Cable & Relay/Industrial Control Manufacturing
423610, 423840	Electrical & Industrial Supplies Wholesale
423710, 423510, 423390	Hardware, Metal Service, Construction Materials
423850, 423420, 423490	Janitorial, Office, Professional Equipment
424690	Chemical & Allied Products

PSC CODES (PRIMARY)

6145	Wire, Cable, Electrical
6150, 6110, 6160	Relays/Solenoids, Control Equipment, Switches
6140, 6350	Batteries (Rechargeable)
6130	Electric Motors
5350, 4820, 5305	Abrasives, Valves, Screws

DIFFERENTIATORS

NMR Class Waiver — PSC 6145

SBA class waiver confirmed for wire and cable (Federal Register 2009, no expiration). Nighthawker sources from any qualified manufacturer regardless of size, enabling competitive LPTA bids on all DLA cable solicitations.

Mill-Direct Sourcing

Verified, multi-tiered network of domestic mill-direct and OEM-authorized partners. Full lot traceability, CoC documentation, and TAA compliance on every line item.

Dual-Source Intelligence

Simultaneous monitoring of SAM.gov and DIBBS (DLA Internet Bid Board System). 85% of DLA solicitations appear only on DIBBS. Our platform captures 333+ DLA solicitations daily across 7 electrical FSC codes.

Established Supply Chain

Lapp Tannehill (30+ manufacturer lines including TF Kable, Southwire, General Cable, Champlain Cable) for Navy shipboard cable. Barton International for mil-spec garnet abrasives (US-manufactured, Adirondack NY). All suppliers TAA-compliant.

Speed to Award

From opportunity identification to compliant bid submission within 48 hours. Proprietary scoring engine prioritizes by margin, deadline, and supplier match. Eliminates non-biddable opportunities before they reach review.

SOCIOECONOMIC STATUS & REGISTRATIONS

Small Business (SB) Eligible • SAM.gov Active (Expires March 2027) • DIBBS Registered (CAGE 1AHX2) • TAA Compliant

TARGET AGENCIES

Defense Logistics Agency (DLA) • Department of the Navy / NAVSEA • U.S. Coast Guard • Department of Defense • Department of the Army • U.S. Air Force • Veterans Affairs • General Services Administration
